What happens during Supplemental Instruction (SI) sessions?

- Additional instruction and reinforcement of prerequisite skills for the course
- Reinforcement of course concepts and additional practice in solving problems
- Emphasis on exam preparation
- Making the jump from memorization to fundamental understanding
- Mutual interaction and support (group problem-solving, sharing “best practices”, hearing other perspectives, etc.)

Note:

These sessions are open to all students in the class, and are completely voluntary. Your attendance or non-attendance at these sessions will not directly affect your course grade, but we do think regular attendance will improve your likelihood of success in the course.
