

On-Line Occupational Medicine Training Modules!!

Training Modules:

Americans With Disabilities Act – This 1.5-hour training module presents the basic tenets of the ADA with relevant definitions and relationships of the ADA to other laws. It also addresses medical assessments under the ADA.

Barriers to Employability – explains the difference between disability and “ability” examinations and discusses five categories of barriers to re-employment.

The Cost of Disability – addresses the requirements for occupational physicians in regard to the cost of disability for workers. This topic is covered on the certification examination for occupational physicians. This module consists of a streaming video of the course instructor synchronized with his PowerPoint presentation.

Ethics In Occupational Medicine Practice – Two major causes of ethical conflict in occupational medicine practice are presented in this module. Numerous specific examples are given.

Periodic Medical Evaluations - an overview of the different basic types of periodic medical evaluations. The rationale for performing these examinations, content of typical examinations and issues dealing with writing reports and communicating results to patients and companies is discussed. The effect of the Americans with Disabilities Act on the performance of periodic medical examinations is reviewed.

Productive Aging: Managing the Health & Safety of An Aging

Workforce – Parts I & II – These two modules are each approximately one-hour in length. Part I should be completed before Part II. The modules describe and dispel myths regarding older workers and outline strategies and issues to be considered by employers of older workers.

Respiratory Medical Clearance - contains a discussion of the physiologic stresses resulting from respirator use and an overview of recommendations for medical evaluation for respirator clearance.

Course Instructor: Douglas H. Linz, MD, MS, completed medical school, internship and residency in Internal Medicine at the University of Michigan Medical Center. Dr. Linz was a faculty member of the Department of Environmental Health at the University of Cincinnati from 1987-1998, where he was a co-director of the Occupational Health Clinic and Director of the Occupational Medicine Residency Training Program and Occupational Medicine Training Course. Currently, Dr. Linz is the medical director of Corporate Health Services for TriHealth Corporate Health Services.

Continuing Education Credits: Each course carries at least .1 CE Unit and 1.0 Continuing Medical Education *AMA PRA Category 1 Credit™*.

The University of Cincinnati College of Medicine designates this educational activity for a maximum of 1 Category 1 credit toward the AMA Physician's Recognition Award™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The activities herein described have been planned and implemented in accordance with the Essentials and Standards of the Accreditation Council for Continuing Medical Education through the University of Cincinnati. The University of Cincinnati is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

How to Register: The on-line URL is <http://cpd.uc.edu> . Click on: "login" in the left bar menu. Follow the instructions for logging in (new users need to click on the bottom button—follow instructions until the system tells you it has emailed your password to you). After that, log in, click on "catalog" and choose "Occupational Medicine Training" (under "CME Training – Video-Based"). Titles of courses are then displayed—choose one to complete—you will be asked to give a credit card payment of \$30 for each course you take. This web payment site has security clearance.

**Only \$30.00 per Module.
CME Credit!
