New Orleans - Home of New Opportunities for:

NAVAL ARCHITECTS & DESIGNERS

Whether it has been your home or you'd like to make it your home, we have great new opportunities here for you.

Elliott Bay Design Group (EBDG) is a full service Naval Architecture and Marine Engineering firm with offices in Seattle and New Orleans supporting projects worldwide. We strive to provide the best service in the marine industry by listening to our clients' needs and answering them with superior quality design, engineering, analysis and shipyard support services.

We have immediate openings in our New Orleans office for both experienced and entry-level Naval Architects & Drafting/Designers. In this role, you will provide technical engineering services and support various stages of vessel design development through the creation of analysis documents, drawings and technical reports. For Naval Architect positions, a Bachelor's degree in Naval Architecture, Marine Engineering, Ocean Engineering or related field is required. Qualified candidates will also have some experience with one or more of the following: AutoCAD, Excel, Word, Rhino, GHS, NavCad. Working knowledge of USCG, OSHA, SOLAS and ABS regulations is desired.

Qualified candidates for the Drafting/Designer positions will have some experience or training in AutoCAD 2D and 3D. Working knowledge of Shipconstructor is a plus.

EBDG provides a competitive total compensation package that includes base pay, bonus, paid vacation/holidays, medical, dental, vision, life insurance and 401(k) retirement savings programs. Relocation assistance is available.

To join our team, please send your resume to mwalker@ebdg.com.

We are an Equal Opportunity Employer. M/F/D/V. Visit us online at www.ebdg.com for more information.
