Book Sale:

Brad, we need an update. Piles of books have been reported...

margie's update:

1. Rock n bowl is scheduled for 10-12 on Thursday, February 12. I got 8 lanes and did not request food. However, they need a \$210 deposit by Feb. 5. Is there any way that I can get a check for that? It would be much easier that way.

2. My presentation was quite poorly attended, as was mentioned in the notes; however, I thought it went really well. It was great to meet those who came from professional IIE in Detroit, and they were very interested in doing activities with us. I gave the president of IIE (Jayant Trewn -jtrewn@beaumont-hospitals.com) our group email address as well as Eli's. Also, the advisor for the Wayne State chapter was there (Darrin Ellis - rdellis@wayne.edu), and he said that they have a very active membership. They go on lots of plant tours, etc. and he is interested in connecting us with their president (Gary Altman - af4417@wayne.edu).

Again, I apologize for not coming to the meeting, but let me know what to do about rock n bowl.
